

Birthday Party Information

The Lake District Coast Aquarium has proven over the years to be a valuable educational resource as well as being a fun and exciting day out for all ages! Our guided tours offer a unique experience where you can observe and engage with many different species of fish; we have over 50 different species ranging from those native to the Solway to those inhabiting warmer climates.

A typical Party at our aquarium involves;

Explore the Aquarium- Accompanied by your aquarist for the day, you will be guided throughout the Aquarium and given all sorts of facts and information relating to the exhibits, habitats and animals you meet throughout the aquarium. Tours usually last around 1 hour.
